Since 2011, Operation Healing Forces has served thousands of Special Operations Forces warriors and their families, with every dollar donated going directly toward vital programs designed to bolster mental, physical, emotional, and fiscal well-being.

The ability to ensure donor funds are fully utilized in support of SOF service members and their families is due to the commitment of OHF's Board of Directors to personally cover 100% of the overhead and administrative expenses of this organization.

We welcome you to stand alongside us in supporting America's wounded, ill, and fallen Special Operations community by joining us for An Evening of Honor and Impact.

Limited Underwriting Opportunities are also available. Please contact Courtney Bilyeu at courtney.bilyeu@ophf.org for more information.
