Operation Healing Forces Celebrates 15 Years of Impact with $15,000 Matching Gift Campaign Supported by Raymond James

In honor of Operation Healing Forces' 15th Anniversary, and ahead of Veterans Day, Raymond James is matching donations to support Special Operations Forces warriors and their families.

In celebration of the 15th anniversary and in honor of Veterans Day, Operation Healing Forces (OHF) is proud to announce a $15,000 matching gift campaign in partnership with Raymond James.

Throughout the month of November, Raymond James will match donations dollar for dollar, up to $15,000, providing an opportunity to raise $30,000 or more in support of Special Operations Forces (SOF) service members, veterans, and their families.

The campaign, **"15 Years of Impact. A Mission That Continues,"** recognizes OHF's commitment to serving those who have dedicated their lives to protecting our nation. As Veterans Day approaches, OHF invites individuals and communities nationwide to honor the service and sacrifice of America's Special Operations Forces by helping ensure those who have served at the Tip of the Spear have access to the care, resources, and opportunities they need to thrive.

"For 15 years, Operation Healing Forces has been there for Special Operations Forces warriors and their families, providing support when they need it most," said **Kerry Irvin, Chief Executive Officer of Operation Healing Forces.** "As we approach Veterans Day and celebrate this important milestone, we are reminded that honoring military service also means caring for those who have sacrificed so much. We are incredibly grateful to Raymond James for their generosity and commitment to our mission. This partnership allows us to expand our impact and help more SOF families access the care and resources they deserve."

Since its founding in 2011, OHF has grown into a national organization providing comprehensive support through its Therapeutic Retreats and Special Operations Additional Resources (SOAR) Program. These programs address the physical, mental, emotional, and financial challenges facing the SOF community, offering opportunities for healing, strengthening family relationships, and providing immediate assistance during times of need. By the end of 2026, OHF is projected to have served 14,000 members of the Special Operations Forces community. The organization remains

focused on expanding its reach and ensuring SOF families have access to meaningful support for years to come.

"At Raymond James, investing in our communities means supporting the people who make them stronger. We are proud to partner with Operation Healing Forces to honor the sacrifices of our nation's Special Operations Forces and help ensure they and their families receive the support, care, and opportunities they deserve. Together, we can make a lasting difference in the lives of those who have given so much," said **Brock Miller, Senior Vice President and Chief BSA/AML Officer at Raymond James Financial.**

With the generous support of Raymond James and donors nationwide, OHF aims to build on its 15-year history of serving the SOF community while responding to the evolving needs of warriors and their families.

The public is encouraged to participate in the 15th Anniversary Matching Gift Campaign throughout November. Every eligible donation will be matched dollar for dollar by Raymond James, up to $15,000, doubling the value of each contribution.

About Operation Healing Forces

Operation Healing Forces (OHF) is a national nonprofit organization headquartered in Tampa, Florida, that serves the wounded, injured, ill, and fallen United States Special Operations Forces community, including active-duty members, National Guard, Reservists, veterans, families, caregivers, and survivors. Through programs focused on rehabilitation, reintegration, and resilience, OHF strengthens relationships, restores hope, and helps rebuild lives for those who have endured visible and invisible wounds of military service. Since its founding in 2011, OHF has served more than 15,000 individuals through therapeutic retreats, mental health and crisis assistance, and family support programs.
